# Two More Reasons for This Nation-wide Demonstration Sale of Pathe Phonographs and Records

THE FIRST IS: Because both we and the manufacturers who are co-operating with us in the conduct of this sale, were afraid of embargoes and transportation tie-ups this Fall and were determined to make our shipments before shipping channels became blocked with the crops and coal, as we were going to make sure that no patron of ours should lack the desired talking machine this Christmas.

This sale was planned months ago. The phonographs were manufactured months ago. All details and plans were worked out months ago, and the phonographs allotted for this sale in Hammond are now on our floors for you to make your free and unrestricted choice.

*Thus, we guarantee to deliver the identical Instrument you select and it may be delivered to your home at once, without delays or indefinite waiting.*

THE SECOND IS: Because the Pathe Company want to emphasize to the persons who wish to buy and own a phonograph, that phonograph manufacturers ARE NOT PROFITEERS.

The Pathe Company is one of the largest manufacturers of phonographs and phonograph records in the world. It is not, and never has been, a profiteer.

Its phonographs and records are sold today at a price which more closely approximates the good old before-the-war prices than any other merchandise of a similar nature. And it will take a long time and a lot of reducing before other commodities come down to the fair and reasonable prices of Pathe Phonographs.

While nearly all commodities, even the barest necessities, have advanced to DOUBLE their former prices, yet here is the genuine Pathe Phonograph, Model 10, today, 100 of them for you to select from with complete equipment, everything necessary to your full enjoyment of your machine including twenty-five dollars worth of new Pathe Records of your own choice, all for \$150.00.

*And what is more, you may spread your Payments out over an entire year, and pay as little as \$5.00 as your initial payment.*

These are the facts that prompted this stupendous sale which is planned to be held from coast to coast. They constitute two of the main reasons for organizing this great demonstrating selling campaign, and they afford you a most extraordinary opportunity to own a phonograph you will be ever proud of, at a price and upon terms you should jump at in eagerness to procure.
